## OUR MISSION

Marian Middle School, a Catholic school serving adolescent girls of all religious, racial, and ethnic backgrounds, is committed to breaking the cycle of poverty by fostering their spiritual, academic, social, moral, emotional, and physical development in preparation for and successful completion of college preparatory high schools.

## Message from the Board Chair

Dear friends,

Since 1999, supporters like you have made it possible for Marian Middle School to help break the cycle of poverty by *Educating Girls for Life*. Thanks to your generosity, Marian provides a **holistic, well-rounded** education to young women from across the St. Louis region.

During the 2013-2014 school year, we put your charitable dollars to work ensuring that more students than ever before could be a part of the Marian family. Seventy-two urban adolescent girls benefited from Marian's quality academic and enrichment programs during the school year. They also received spiritual, social, moral, and emotional support from the loving staff at Marian.

In keeping with our mission, Marian also supports our alumnae through high school and beyond. Your donations allowed us to provide academic and social assistance to 66 alumnae in high school during the 2013-2014 school year. Thirty of those students also received financial support from Marian.

Thanks to donors like you, 94% of our school's funding is covered every year. This support allows Marian to provide opportunities for students and families that would not otherwise be possible due to their financial situations.

We continue to focus our efforts around our bold vision and mission, and reach out to new constituents across the region. We hope you will help spread the word in 2015 of our important work in the lives of young women.

Thank you for helping Marian become a vital community resource. We hope you will continue to partner with us as we prepare for the next 15 years of *Educating Girls for Life*!

Sincerely,

Mary Jo Gorman, M.D.  
Board Chair

## OUR VISION

- Marian Middle School is a leader in providing life-altering education to urban girls on their journey towards self-discovery.
- Marian alumnae graduate from high-performing secondary schools ready for success in higher education and the workplace.
- Marian alumnae college graduates are accomplished leaders equipped to make informed decisions and create enduring, positive change.

## Message from the President

To the Marian Community,

What a joy and privilege it has been to serve as Marian Middle School's President since December 2013. I am inspired daily as I watch our students grow, and our faculty and staff pour their time and talents into the lives of young women.

By educating girls in a private school setting, Marian provides a safe space where students find their voice and become confident leaders. One way we accomplished this during the 2013-2014 school year was through our school-wide theme, "It Begins with Me." The theme was a timely and powerful message. Our students explored the theme discussing integrity, being a servant, initiative, courage, grit, hospitality, valuing differences, personal responsibility, and charisma.

Throughout the year, Marian also had many milestone moments, created some wonderful partnerships, and was honored by the St. Louis community.

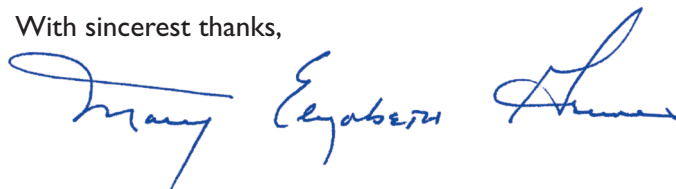

- After serving as interim president from August to December, Sr. Barbara Roche, SL, foundress and long-time board member, joined the Marian staff as the Academic and Graduate Support Associate.
- Saint Louis University's department of nutrition and dietetics began providing healthy snacks, breakfasts, and lunches for students.
- Shabana Basij-Rasikh, co-founder and president of the School of Leadership Afghanistan, visited Marian in April. She spoke with students about the importance of education and how privileged they are to live in a country where girls can receive an education legally.
- Math Teacher Heather Olson received an *Emerson Excellence in Teaching Award*.
- Language Arts Teacher Maggie Klonksy received an Incarnate Word "Caring Hands" award from graduates Amber and Ga'Nae for the positive difference she has made in their lives.
- Marian was listed as a *School That Can* by the national organization of the same name.

Marian continues to excel by reaching high academic goals and graduation rates that surpass other schools in our region. We could not achieve these results without generous donors and partners like you.

As we move into our 15th anniversary year, know that your support makes it possible that "10 hours a day, 10 months a year, Marian educates girls for life!"

With sincerest thanks,

Mary Elizabeth Grimes  
President

## Message from the Principal

Greetings,

The end of the school year is always a great time for both celebration and reflection. As Marian Middle School embarks upon a milestone anniversary during the 2014-2015 school year, we thank God for the ways that we've been blessed by our shared mission.

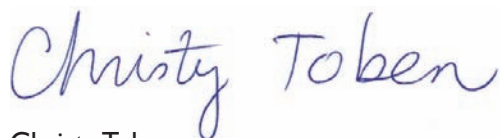

We are thankful for the long list of young women who have been supported through our academic, enrichment, and graduate support programs, and the 4,827 donors who invested in the power of transformative education since the inaugural school year. We have remained faithful to the founding vision of the women who began this school. These are things worth celebrating.

As I reflect on Marian Middle School's journey, I am humbled and amazed by how far we have come. When I first came to Marian ten years ago, we were located on a rented second floor of St. Anthony of Padua's campus. I was the volunteer English teacher through the Gateway Vicentian Volunteer program, and living temporarily with the Daughters of Charity down the street. My fifth grade class had three students: Jalisa, Ta'Nya, and Spencer. There were no computers in the classroom and our textbooks were from 1989. Our Marian Magic fundraiser happened in the basement of the church hall, where our faithful donors came to sit on folding chairs and eat off of the plastic plates our students had set out for them.

Through the sacrifices of many, our school has built a reputation of excellence in the St. Louis educational landscape. Our mission is still the same, but enrollment is close to capacity. Our student body, though still small by design, grew from 14 students during the first school year to 72 students during the 2013-2014 school year.

On behalf of our students and their families, thank you. Thank you for giving our St. Louis region such a special place to work and learn.

Sincerely,

Christy Toben  
Principal

## Invest in Her Future

Marian Middle School families commit to supporting students based on their financial capacity. The typical family pays \$400 annually. However, the actual cost of educating one Marian student is more than \$12,000. It is through the generosity of our donors that we are able to succeed in our mission to break the cycle of poverty by *Educating Girls for Life*.

# Thank you TO OUR DONORS!

*Educating Girls for Life*

It all started in 1998 with the opening of an all-boys school. Loyola Academy was the first NativityMiguel model school to open in St. Louis. The Jesuits founded NativityMiguel model schools in the early 1970s to serve low-income, at-risk students by employing longer school days and years, small class sizes, and high expectations. When news of the school spread, Foundress Sister Nancy Wittwer, SL, wondered,

*“What about the girls?”*

This simple question led to the founding of Marian Middle School. Marian opened in the fall of 2000 with 14 fifth and sixth grade students. Today, we educate more than 70 fifth through eighth grade girls each school year. Marian has come a long way over the years, and we have you to thank! We look forward to celebrating this milestone anniversary with you during the 2014-2015 school year!
