

ADMISSIONS CHECKLIST

Our admissions process has two components:

1. Application and Records

- Application: General Information, Student Short Answer, Parent Short Answer
- Authorization to Release Records: We collect two years of report cards, attendance, and discipline/behavior.
- Teacher Feedback Forms: We ask you to give this form to two current teachers. This rates students on many of the soft skills that don't appear on report cards or test scores.

2. Meet Marian Day

Students spend a day at Marian: meeting with staff, touring the school and shadowing experience. Families participate in the meeting and tour, and submit the following paperwork:

- Verification of all household income:
 - W2 or tax return (required)
 - Two recent paycheck stubs (required)
 - Any child support, pension etc.
- Child's birth certificate
- Immunization records
- Physical exam (within last two years)

Once a student's admissions file is completed, we can move to the decision phase. A student's family is typically notified of acceptance within 3-4 weeks.
